FRANCINE - CAPTURED BY JORAN LOOIJ

# WELCOME!

A big thanks for your interest in my weddingphotography!

Being in the weddingindustry for over 6 years I've had the privilege to travel the world and capture couples' most intimate day.

My passion lies within capturing your weddingday as it is, no directing, no awkward photomoments. You being you and me making sure you feel comfortable in front of the camera.

My photography is influenced by real emotions, may it be laughing may it be crying. During any photosession we'll have fun and have calm moments where you connect with each other. This way I can capture you the way you are.

On the wedding day I try to blend in with the wedding guests as much as I can so everyone will feel comfortable with a camera around. This way I can capture the small and big moments in a fun and relaxing way. See me as your 'homie for a day'' that captures your most loving memories.

# PRICING

My weddingphotography investment starts at €1395,00 or 2350 NZD for 6 hours photography

You will receive your edited and curated wedding gallery online. This gallery is easily shared with family and friends.

The price includes VAT and excludes travelcosts from either Queenstown NZ or Eerbeek, Netherlands. Every extra hour of photography is €155,00 or 260NZD.

The amount of photos you receive will depend on the amount of hours you book me for. I aim to deliver 350-450 photos for 6 hours photography. I happily go through my workflow with you when we meet up!

Not sure how many hours of photography is commonly booked? I often start the day when the bride and groom are getting ready and am present till 30 minutes after the first dance. This usually ends up being booked for 11/12 hours. With this amount of hours I am able to capture the complete story of your wedding!

# STOKED?!

Enthusiastic about my photography and way of work? Let's meet up! I would love to get to know you, who you are, what your passions are and ofcourse, what your story is. During this meeting I will answer all your questions and you get to know me a bit more too.
